

User guide to the restricted area (CIRCABC) of the AHS & BT EU-RL website

What is CIRCABC?

CIRCABC ("Communication and Information Resource Centre for Administrations, Businesses and Citizens") is used to create collaborative workspaces where communities of users can work together over the web and share information and resources.

It is an e-government solution supporting the online collaborative activities of the European Union's public administrations. Since 1997, CIRCA has been running as an *Interchange of Data between Administrations* (IDA) service for *Business and Citizens* (BC) and has been used by more than 30 Directorates-General and in particular by the committees and consultative bodies established to support collaboration between the Member States and the EU institutions. More than 100 national administrations have received a free license and use it for their own needs.

The CIRCABC groupware enhances the performance of CIRCA in terms of capacity, security, availability and interoperability. Its user interface will be available in 23 languages.

More information: <https://circabc.europa.eu/faces/jsp/extension/wai/navigation/container.jsp>

How to get access to the restricted area?

To get access to the restricted you should send a request to the AHS&BT EU-RL (bnz-eurl@mapa.es) with the following data:

- **Full name of NRL/institution**
- **Postal address**
- **Level of responsibility in NRL**
- **Email**
- **Phone**

The EU-RL will consider your request and if you fulfilled the criteria to be part of the AHS& BT network you will receive a **personal login** and **password** to have access to the area.

How to log-in in the restricted area?

You can have access through the AHS&BT EU-RL website:

<https://www.mapa.gob.es/en/ganaderia/temas/laboratorios/referencia-union-europea-oie/>

Or through <https://circa.administracionelectronica.gob.es/circabc/faces/jsp/extension/wai/navigation/container.jsp>
