

Nº PATENTE	SOLICITANTE	PAÍS	TÍTULO
WO2009125236	BRAUNT	Hungría	Composition for decreasing sperm motility to provide contraceptive effects and/or increasing sperm motility for increasing fertility comprises divalent cobalt or nickel cation or their compounds
WO2009144329	DSM IP ASSETS BV	Alemania	New crystal forms I and II of astaxanthin, useful in fish feed industry and nutrition industry, and for coloring salmon, trout and shrimps
WO2009131467	EWOS INNOVATION AS CHEMOFORMA LTD	Noruega	Feed composition, useful for e.g. pharmaceutical composition and/or nutritional composition and/or functional feed for treating infectious diseases, conventional feed ingredients, peptidoglycans and nucleotides
JP2009278920	MERCIAN CORP	Japón	Feed useful for improving color tone of red muscle of cultured fish, e.g. yellowtail, seabream, mackerel or tuna, comprises Saccharomyces yeast
CN101548719	ZHENGZHOU ANIMAL HUSBANDRY ENG HIGHER JUNIOR COLLEGE	China	Bioactive feed additive used as nutrition adjusting agent and carrier for increasing immunity and promoting growth of fish, prepared by crushing Humulus and auxiliary materials, extracting, and drying in water bath
CN101513231	XIAMEN BIOTE CEREALS OILS&FOOD CO LTD	China	Amylase additive preblend feed for resisting bacteria, stimulating, increasing immunity, accelerating growth and increasing survival rate of aquatic livestock, comprises certain weight percentage of immunity amylase
KR20090090943	UNIV KANGNUNG WONJU NAT IND ACAD COOP GR	República de Korea	Preparing feed for fish farming, involves isolating -soluble protein from wastewater, and is prepared by adding acid solution to water-soluble protein, which is centrifuged to obtain extract of water-soluble protein
WO2009132392	COMMONWEALTH SCI&IND RES ORG	Australia	Producing microbial biomass useful as aquaculture feed involves carbon source to mixed population of micro algae and bacteria, adding nitrogen source mixed population, and culturing mixed population, carbon source and nitrogen source
JP2009221148	MARUZEN SEIYAKU KK OITA-REFECTURE	Japón	Immunostimulant for fish, comprises Glycyrrhiza glabra oil-based extract
